Rail**

WELCOME

Welcome to the 2020 Midlands Garden Rail Show. Over the years the show has grown to become one of the leading Model Railway events dedicated to Garden Railways.

We are again pleased to be able to present a diverse range of large scale layouts in various gauges. Some layouts new to the show this year include Roche Junction, Severn Mendip and Ballygornal Junction. Old favourites Stanley Midland and the impressive Gauge One Tinplate display will also be running for your enjoyment.

As you go round the show you will see many specialist suppliers offering a vast array of garden railway products including locomotives, rolling stock, track and accessories. Make sure you try to visit them all to see the full range of products on offer.

We hope you will enjoy your visit. Make sure to try the mezzanine restaurant for breakfast, lunch or tea - whilst still viewing and enjoying the action!

SPECIALIST SUPPLIERS

Accucraft UK

Unit 4, Long Meadow Industrial Estate,
Pontrilas, Herefordshire, HR2 0UA
T: 01981 241380
E: info@accucraft.uk.com
W: www.accucraft.uk.com

Live steam and electric locomotives and rolling stock.

Stand: 27

Airframed Glass Display Cases

25 Wilmot Drive, Smalley, Ilkeston,
Derbyshire, DE7 6EL
T: 01332 781795
E: nigel@airframed.co.uk
W: www.airframed.co.uk
Manufacturer of bespoke glass display cases.

Stand: 57

All Components

Upper Owlbury House, Upperowlbury,
Montgomery, Powys, SY15 6SZ
T: 01588 638678
E: allcomponents@btinternet.com
W: www.allcomponents.co.uk
Electronic switches, bulbs, scenic, G1 rolling stock.

Stands: 65+66

Anything Narrow Gauge

6 Bank House, Chapel Street, Holsworthy,
Devon, EX22 6JAR
T: 01409 255510
E: anythingnarrowgauge@googlemail.com
W: www.anythingnarrowgauge.co.uk
New and second hand, live steam locomotives.

Stands: 30 - 32

Aster Hobbies

PO Box 5039, Warminster, BA12 2AX
T: 01985 851221
E: asteruk@gmail.com
www.asterhobbies.co.uk
Gauge 1 models and kits.

Stand: 42

Barrett Steam Models

47a Coronation Road, Pelsall,
Walsall, WS4 1BG
T: 01922 685889
E: info@barrettsteammodels.co.uk
W: www.barrettsteammodels.co.uk
Live steam locomotive kits for Gauge 1.

Stands: 37+38

Blackcat Bridges

5 St Lawrence Close,
Rowington, CV35 7AG
T: 01564 784746
E: chris.blackcatbridges@gmail.com
Aluminium bridges and turntables.

Stand: 4

Bole Laser Craft

Yew Tree House, South Street, Bole,
Retford, Notts, DN22 9EJ
T: 01427 848151
E: info@bolelasercraft.com
W: www.bolelasercraft.com
Quality laser cut building and rolling stock kits.

Stands: 39+40

Bowande Live Steam UK

POBOX 788,
Rickmansworth, WD3 0NT
T: 01923 350025
E: bowandelivesteam@gmail.com
Gauge One live steam models.

Stand: 41

Brunel Models

334 Wellington Street, Long Eaton,
NG10 4JJ.
T: 07802 409757
E: enquiries@brunelmodels.co.uk
W: www.brunelmodels.co.uk
Bespoke and easy build weather proof models of buildings & infrastructure.

Stands: 35+36

Chalk Garden Rail

4 Brewhouse Yard, Gravesend, Kent,
DA12 2EJ
T: 01474 351672
E: petercgr@btinternet.com
W: www.chalkgardenrail.co.uk
Specialists in large scale trains and accessories.

Stands: 28+29

Chuffed 2 Bits

24 Robins Grove, Warwick, CV34 6RF
T: 01926 407784
E: sales@chuffed2bits.com
W: www.chuffed2bits.com
Servicing/repairing of Roundhouse and Accucraft locos plus radio control specialisation.

Stands: 25+26

Coach & Wagon Works

2 Dobles Terrace, Dobles Lane,
Holsworthy, Devon, EX22 6HW
T: 07538127785
E: coachandwagon@gmail.com
W: www.coachandwagonworks.co.uk
Makers of ready to run rolling stock and suppliers of scratch building materials.

Stands: 67+68

Meridienne Exhibitions LTD

BUCKINGHAMSHIRE GARDEN RAILWAY SOCIETY

HAMBLEDEN VALLEY

HAMPTON END

The Midlands Garden Rail Show – Packed with action!

LAYOUTS

16mm Association Modular Layout

Stand: K

This layout is built by various members of the 16mm Association who each contribute a baseboard or series of baseboards. These are built with a common joining interface where they join on to other contributor's boards. The layout you see here is a 'medium' sized format.

Ballygornal Junction

Stand: C

Ballygornal Junction experiments with trying to squeeze G scale modelling into a small space on a portable layout providing continuous run and branch line facilities. At a scale of 15mm to the foot, G scale track represents 3ft narrow gauge – as used in Ireland and the Isle of Man.

Buckinghamshire Garden Railway Society

Stand: L

The layout portrays an electric light railway that runs through the streets and then sets off through the countryside to serve surrounding villages. Not all sections of the railway are equipped with overhead wire, so steam and diesel traction bring trains in from outlying areas. This type of operation was very common on narrow gauge railways across Europe.

G Scale Society Publicity Layout

Stand: I

The Home of Garden Railways, displaying various aspects of 45mm garden railways and the variety of scales that we encompass. Come and have a chat with 'The Friendly Society'.

Gauge One Vintage Tinplate Trains Group

Stand: P

Tiny trains from 1900 to 1950. Proprietary makes, most in original pre-1923 grouping liveries. Over forty locomotives with passenger and goods stock. Six tracks running continuously on a 30-foot-long layout. Four individual collections combined as one. Questions welcome.

Hambleden Valley Railway

Stand: O

This G scale layout is a highly scenic layout more akin to those in the smaller scales. It is operated with 2.4Ghz radio controlled live steam locos. These have been fitted with inertia devices that make them extremely controllable and enables realistic slow speed running and shunting operations. Chopper couplings are used to enable hands-free uncoupling using track magnets.

Hampton End

Stand: D

Hampton End was a small branch line link serving the small village of Hampton End. Most of the freight that used the line was fish from the quayside. After the closure of the line many years ago, a group of local rail enthusiasts reinstated the tracks & buildings & purchased a few foreign engines & stock. Most week-ends trains can be seen running. The buildings are from BR days. This international flair works well.

Lough Motive Power Depot

Stand: A

Lough M.P.D. is loosely based on the track plan of Slough W.R. Following on from my last layout, Tolcarn, I have again taken the track plan from E. Lyon's book 'Great Western Engine Sheds 1947'. Owing to the Slough shed being built on the inside of the Windsor Branch curve, I have straightened the plan out to fit my baseboards, hence being "loosely based" on Slough.

Roche Junction

Stand: B

Roche junction was built to run my stock which is German narrow gauge it is a single circuit which has a station which allows two trains to pass each other. It has a branch line coming through the scenery. There is an upper level for more movement and it has a track railway on a shuttle system.

Severn Mendip

Stand: M

Severn Mendip is a portable exhibition layout representing the junction of two narrow gauge railway lines at a country station with a goods shed and yard. There is a loco shed and a branch line which leads to an animal feed merchant and a water pumping station.

Stanley Midland – Gauge One Layout.

Stand: J

Presented by the Midland Group of The Gauge One Model Railway Association. This layout is modelled on a fictitious main line station during the steam era, with island platform, goods yard and engine depot. It features scratch built, kit built and ready to run locomotives and rolling stock in 1/29, 1/32 and 10mm to the foot scales.

CLUBS

Bromsgrove Society of Model Engineers

Stand: H

Bromsgrove Society of Model Engineers - formed in 1982 - is based at Avoncroft Museum of Building and has facilities for 16mm and gauge 1 models. We meet every Tuesday, Friday and Sunday and operate a passenger railway for museum visitors. We have 70 very friendly members.

www.bromsgrovesme.co.uk

Coventry Model Engineering Society

Stand: N

A group of like-minded people interested in all things model engineering, specifically model locomotives, both steam and battery powered, traction engines, stationary engines and specialised workshop equipment. We are based at Ryton Pools Country Park, near Coventry, where we have a 3.5 and 5 inch gauge raised. This track is used to give train rides to members of the public every Sunday afternoon from Easter to the end of September. We also have a garden railway with 32mm and 45mm gauge tracks for members use.

www.coventrymes.co.uk

Gauge One Miscellany

Stand: E

This is a semi static display of gauge one loco's, coaches & wagons in various scales associated with the Gauge One Model Railway Association. These being 1/32, 1/30.5 and 1/29. Both USA & British railroads/railways are represented. Because of the size of the models it is very much a garden occupation and to put a working layout into most exhibition halls does have its limitations. Therefore, this display gives people an idea of what gauge one is and to endorse it a DVD player is used to show various aspects of what we call get-togethers throughout the land, albeit on a television screen in order to get a flavour of Gauge One.

National 2½" Gauge Association

Stand: G

The National 2½" Gauge Association was formed in 1975 to try and halt the declining interest in this gauge of models. Its aim is to preserve access to articles and existing designs, to encourage new designs, and to supply drawings and castings no longer available from commercial suppliers.

Make a note of 2021 Show Dates

20th & 21st March 2021
Warwickshire Event Centre

www.midlandsgardenrailshow.co.uk
