

**LONDON MODEL
ENGINEERING EXHIBITION**

FRIDAY 18th to SUNDAY 20th JANUARY 2019

Featuring the Past, Present and Future of Modelling

WELCOME TO THE LONDON MODEL ENGINEERING EXHIBITION

Welcome to one of the UK's largest exhibitions featuring all forms of model making. Over 45 clubs and societies are present displaying nearly 2,000 different exhibits covering a wide range of modelling skills. In addition to all the displays there's lots of activity taking place in the Model Active Zone with the extensive and varied Tamiya RC trucks display, model aircraft, helicopters and drones in action in the BMFA flying zone. There is also the opportunity for youngsters to get involved in hands-on model making themselves or to talk with the modellers about the models they have built.

If you are already an active modeller there's a chance to find all the items you need including the very latest offerings on the stands of over 50 leading specialist suppliers.

This unique exhibition is the result of a tremendous amount of effort by many hundreds of modellers and other enthusiasts. Without their very hard work there would be no exhibition and our thanks go out to all the members of the clubs and societies whose unstinting efforts and generous support make this exhibition possible.

We hope that you will enjoy your visit to the exhibition and that amongst the wide range of models on display you will find something to catch your interest. If you're not already a modeller hopefully your visit to this exhibition will fire your imagination and you will go on to build a world-class model of your own and enjoy one of these fascinating and highly skilled hobbies.

Chris Deith
Exhibition Director

SHOW GUIDE

**Alexandra Palace
London**

10am-5pm Friday & Saturday,
10am-4.30pm Sunday

Last entry Friday & Saturday 4.00pm
Sunday 3.00pm.

SPECIAL DISPLAYS

THE EIFFEL TOWER, PARIS
130th anniversary of official opening of the global cultural icon, (31st March 1889) – West London Meccano Society.

THE FLYING SCOTSMAN
85th anniversary (30th November 1934) – the first train to reach 100mph. Flying Scotsman locomotive of various sizes will be on display at the exhibition.

THE MINISTRY OF STEAMPUNK

We welcome The Ministry to the show for the first time with an amazing display of art pieces, costumes and never-before-seen models that will leave visitors spell-bound.

Steampunk takes the past and wraps it in a new imagination, creating a history that should have been. The Ministry of Steampunk is a collective of designers, engineers and artists who recreate totally unique and original versions of some of history and popular culture's favourite shows, stories and moments.

This display will in part commemorate 50 years since the moon landings in 1969.

MIDLANDS MODEL ENGINEERING EXHIBITION

Essential Visitor Information

Cash Machine

This is located in the Palm Court area by the main entrance to Alexandra Palace.

Cloakroom

This is situated in the Palm Court area.

Courtesy Buses

This service is in operation between the paddock car park and the main entrance as well as the two nearby railway stations.
